

Statement of RoHS Compliance

All INSTECH commercial products are **RoHS** compliant with EU Directive 2002/95/EC. And now available since January 1, 2006.

The EU Directive 2002/EC calls for " a **R**estriction of use of certain **H**azardous **S**ubstances in electrical and electronic equipments".

There are six specific substances: Lead (Pb), Mercury (Hg), Cadmium(Cd), Hexavalent Chromium (CrVI), Polybrominated Biphenyls (PBB) and Polybrominated Biphenyl Ethers (PBDE).

All the above mentioned substances have been eliminated or minimized to the acceptable levels as stated in the European Union Directive 2002/95/EC.

INSTECH present Part Number system will not change .

Installation Methods: Convection Reflow Oven, Wave Solder\Solder Dip and Hand Soldering.

In case of any further question concerning RoHS compliance, please contact us by fax or phone or by email at instec@west.net as well as through our World Wide Sales Representative.
