

INTEC

INTEC provides SMT components packaged in either bulk or on tape and reel in accordance with EIA standard RS-481 "Tape Leadless components for Automatic placement". Chip sizes up to 1210 are provided on 8mm tape. Sizes 1808 and larger are provided on 12 mm tape. INTEC offers only 7" reels. The quantity per reel for each body size is listed in the table below and is dependent on chip thickness and varies in increments of 500 pieces. Large chip sizes are available on in embossed 12 mm tape.

Body Size	Tape Size	Approx. Qty per Reel	Body Size	Tape Size	Approx. Qty per Reel
0603	8mm	4K	1808	12mm	2000-3000
0805	8mm	2.5K - 4K	1812	12mm	1000-1500
1206	8mm	2.5K - 4K	1825	12mm	500-1000
1210	8mm	2K - 3K	2220	12mm	500-1000
Pocket to pocket pitch is 0.079"±004" (2.0 ± 0.1 mm)			2225	12mm	500-1000
